The USI Advantage: From Physical to Digital with Comprehensive Cybersecurity Solutions

Who We Are

United Security, Inc. (USI) is one of the most successful, privately owned providers of comprehensive security solutions in the United States. With over 33 years of expertise, USI delivers tailored services designed to meet the unique needs of organizations across a wide range of industries. Whether operating in dynamic corporate environments, retail spaces, educational institutions, or highly regulated sectors, USI provides adaptable and reliable protection for businesses of all sizes.

Our approach seamlessly integrates **skilled security personnel** with **cutting-edge technology** to provide unmatched protection. From on-site **physical security services**, including armed and unarmed officers, mobile patrols, and event security, to **Integrated Solutions** like real-time monitoring, access control systems, and video surveillance, USI ensures comprehensive coverage for every client.

As a Certified Woman-Owned Business, we are proud to maintain a client-focused, owner-operator model that enables us to invest in innovation and build strong, lasting partnerships. Whether securing physical spaces or enhancing digital defenses, USI is committed to delivering adaptable, reliable, and forward-thinking security solutions tailored to the evolving needs of today's businesses.

Citanex is a global leader in **executive-level technology** and **cyber risk assessments**, delivering tailored solutions to protect businesses from critical impacts. With a multidisciplinary team of experts in cybersecurity, technology, law, and accounting, Citanex evaluates high-risk exposures using certifiable metrics to provide actionable insights.

Citanex's expertise spans 21 sectors and over 71 countries, supported by contributors from prestigious institutions such as Harvard and MIT, top-tier law firms, and leading accounting firms. The company's dedication to advancing digital security has earned recognition from the Credit and Debit Card Industry, the Department of Justice for "Invaluable Expertise," the US Secret Service, and the 2022 Digi-Tech Award.

Through innovative strategies and a commitment to excellence, Citanex empowers clients to navigate an ever-evolving digital landscape with confidence, protecting against cyber threats and enabling rapid recovery during critical incidents.
